

## Jorge de los Reyes, MBA

### Associate Director

Jorge de los Reyes has more than 17+ years of leadership experience in Fortune 100 and Fortune 500 companies from global engineering & construction to risk-based consulting with a Big 4 Audit Firm across private and government entities. He has served on two international assignments (EXPAT) and has held positions in operations, contracts, commercial management, program & project management and has supported clients in North America, UK, Norway, Caribbean, Central America, Colombia, Peru, Chile, Brazil, and Mexico.

His infrastructure advisory experience has helped clients develop comprehensive risk and execution models throughout asset life cycle of projects and has provided critical insight to focusing on governance, financial controls, and contract assessments to maximize operational and financial performance. Jorge has also leveraged this experience to help clients in dispute resolution and international infrastructure arbitration cases.
