

David T. Keaveney, MRICS, APAEWE

Associate Director

T: +44 204-525-4305 E: dkeaveney@delta-cgi.com

David Keaveney is a Chartered Quantity Surveyor with over 19 years' experience in Civil Engineering and Construction covering procurement through to conclusion of detailed final accounts. David has gained valuable experience working on complex, prestigious construction projects including large value tenders. This has included understanding a variety of construction and engineering processes and alternative dispute resolution methods.

Working on projects and disputes located in the UK, US, Central America and the Caribbean, he has experience spanning a broad range of project sectors including infrastructure, tunneling, mining, energy, education, rail, marine, commercial, and residential.

David brings a highly professional approach to all his work and is highly regarded by clients due to his attention to detail and focus on end results.

Selected Project Experience
