

Ronak Vasa

E: ronak.vasa@osbornes.com

Ronak Vasa is a Consultant at Osborne Partners, A Delta Consulting Group Company. He has significant experience in commercial, non-contentious business valuations and damages assessments for disputes. His disputes experience includes shareholder disputes, contractual claims, lost profits and business valuation.

Ronak's extensive non-contentious valuation experience includes providing valuations for M&A transactions, fundraising, financial reporting and other advisory purposes. He has valued businesses across a range of industries, including financial services, renewable energy, healthcare, real estate and technology, and has advised on significant mergers, investments and transactions involving businesses in India and internationally.

Selected Project Experience

► DISPUTES

- Prepared an expert report in a DIAC dispute involving the valuation of a concrete casting business in the Middle East.
- Prepared an expert report assessing alleged breaches of noncompete obligations under a shareholders' agreement involving an asset in Qatar.
- Prepared an expert report on behalf of a large European asset manager in a dispute involving allegations of fraud and mismanagement related to a real estate project in Portugal brought by a Saudi Arabia-based investment fund.
- Assisted counsel to a leading Indian ride-hailing company in developing a framework for a lost profits claim arising from alleged service deficiencies by a leading cloud services provider.

► BUSINESS VALUATIONS AND M&A ADVISORY

- Advised on the share swap ratio for the reverse merger of a major Indian non-banking financial services company with a major private bank.
- Valued the renewable energy business of a leading independent power producer in connection with an investment by a sovereign wealth fund.
- Valued the GCC operations of one of India's largest hospital chains in connection with a divestment to a consortium of investors.
- Valued a large independent power producer producing renewable energy in connection with investments by institutional investors and its eventual listing on Nasdaq.
- Valued one of India's largest real estate developers for the purpose of internal restructuring involving merger with listed subsidiaries.
- Valued one of India's largest consumer electronics and durable chains for the purpose of internal restructuring.
