Sukanya Mukherjee is a Director at Osborne Partners, A Delta Consulting Group Company. She has 10 years of experience providing economic and financial analysis, including in complex commercial disputes, international arbitration and competition matters. Her work focuses on the assessment of damages, business and equity valuation, lost profits, market value and economic analysis.

Sukanya has worked on matters across a range of industries, including media and entertainment, technology, financial services, food and agriculture, healthcare, consumer products and industrial manufacturing. Her experience includes developing and reviewing financial and valuation models, analysing competition and antitrust issues and assessing complex economic evidence in high-value disputes across multiple jurisdictions.

Selected Project Experience

- ▶ Prepared expert reports in an ongoing SIAC arbitration involving a dispute over a U.S.-based decentralized science (DeSci) crypto protocol. Developed option-pricing models for equity valuation and valued significant token holdings to support damages analyses involving expectation, reliance and account of gain claims.
- ▶ Prepared expert reports and supported the hearing in an LCIA arbitration between two major Indian media and entertainment companies involving an alleged breach of a broadcasting contract and an approximately \$1 billion claim. Modeled profit and loss to estimate lost profits, valued subscription and advertising revenue streams.
- ▶ Prepared expert reports in an ongoing ICSID bilateral investment treaty dispute involving allegations of predatory pricing in North Africa's cement industry and approximately €500 million in dispute. Applied marginal cost pricing and market structure analysis to assess the competition claims.
- ▶ Prepared expert reports in a SIAC shareholder dispute involving an early-stage fintech company in Southeast Asia valued at approximately \$500 million. Applied multiple valuation approaches and contemporaneous evidence to assess the value of the claimant's shareholding.
- ▶ Prepared expert reports in an ongoing ICSID bilateral investment treaty dispute involving the valuation of a multinational food production company's Venezuelan operations amid hyperinflation and strict currency controls.
- ▶ Prepared expert reports on behalf of a UK-based healthcare products supplier in a breach of contract dispute involving the delayed and partial supply of medical gloves during the COVID-19 pandemic. Independently developed the damages model to quantify lost profits and supported the testifying expert at a contested hearing.
- ▶ Prepared expert reports in a competition matter before the Supreme Court of India on behalf of leading tyre manufacturers accused of cartel conduct by the Competition Commission of India. Reviewed cartel detection methodology, analysed historical case evidence and conducted quantitative profitability analysis.
